

# FLOOR SIGNS

Tough Floor Signs warn of potential hazards

Adhesive walk-on floor signs consist of a substrate vinyl graphic which is protected by a tough clear textured overlamine. The strong adhesive has been designed to bond to many different surfaces. Suitable for heavy traffic areas or wall mounting applications where graffiti or heavy wash downs are a problem. (Suitable for internal use). Floor markers are 440mm diameter.

# SAFETY FLOOR SIGNS

These adhesive, walk-on Safety Floor Signs consist of a subsurface vinyl which is protected by a tough textured over lamine. Strong adhesive backing and rounded corners ensure that these signs will not lift in high traffic areas. Apply to a clean, dry, floor surface - use Primer and Edge Sealer (see page 184) to prolong the life of these markers. All signs measure 440 x 180mm.
