

BRADY LINE MARKER

The Brady Line Marker allows you to apply tape without having to kneel or position tape by hand. This versatile unit comes with a convenient built in accessory kit, which includes a guideline, yellow crayon, tape-cutting knife, radius profile, straight edge and measuring tape. This exclusive design is lightweight and will stand up to years of constant use. For use with 12mm core tapes only. See our 12mm core Brady Line Marking Tapes sold separately below.
