

# CHEMTAG

CHEMTAG provides system, procedural and legal compliance. The system provides a clear inspection trail giving integrity and control. Essential for companies working with ISO9000 clients. Complete Kit includes: 10 holders, 10 standard inserts and 1 permanent marking pen.

## THE CHEMTAG 3 STAGE SYSTEM

1. Before an inspection or after a failed inspection, the holder clearly displays the prohibition symbol and words "DO NOT USE".
2. Select an appropriate insert and enter the reference or identity number to match the holder. Complete the details identifying hazards and precautions. Print action to be taken in case of emergency.
3. On reverse side enter supplier's name, emergency telephone number, and details of how to store and dispose of packaging. Also detail any medical complications in the event of an accident. CHEMTAG insert should accompany the patient so appropriate medical treatment can be given.

Part Number	Description	Quantity Per Pk
856983	CHEMTAG Complete Kit	
856979	CHEMTAG Holder Kit	10 (holders only)
856981	CHEMTAG Standard Insert	50
857227	Permanent Marking Pen	

# ENTRYTAG

ENTRYTAG is designed to control entry in conjunction with a permit to work system. Positioned at the entrance to the vessel/tank/silo, it informs all personnel of the minimum requirements for entry, the type of work being undertaken, and all the other salient details. Conversely, the ENTRYTAG holder in its individual form will display a message of prohibition. This system is highly visible, durable and weatherproof. Complete Kit includes: 10 holders, 10 standard inserts and 1 permanent marking pen.

Part Number	Description	Quantity Per Pk
856987	ENTRYTAG Complete Kit	
857300	ENTRYTAG Holder Kit	10 (holders only)
856994	ENTRYTAG Standard Insert	50
857144	Clear A4 Plastic Permit Wallet	10
857227	Permanent Marking Pen	

# VALVETAG

VALVETAG is a complete identification and work control system and should be attached to all valves to control hazardous energy for service and maintenance. Complete the information on the inserts in conjunction with the permit to work issued for that job. Place the insert into the holder to indicate work is in progress or the valve has been spaded to allow work further down the line. The VALVETAG is a highly visible, durable and weatherproof system. Complete Kit includes: 10 holders, 10 standard inserts and 1 permanent marking pen.

Part Number	Description	Quantity Per Pk
857296	VALVETAG Complete Kit	
857295	VALVETAG Standard Insert	50
857227	Permanent Marking Pen
