▲ Legend repeats 13 times on a 100 x 200mm strip. Either cut off individual markers manually, or wrap entire 100 x 200mm sheet around a pipe for maximum adhesion. Each legend measures 10 x 100mm.

† Supplementary Safety markers are shown as a guide only and are not printed on markers. See page 149 for full range.

* High-Visibility markers are recommended for pipes over 250mm O.D. or whenever the pipe must be viewed from a far distance.

SELF-STICKING PIPE MARKERS

Factory applied industrial grade adhesives simplify marker installation. Simply peel the release coated paper backing from the marker and press the marker in place. Banding each end of the marker with Arrow Tape (see page 149) is recommended to indicate contents flow direction and to secure markers to the pipe.

• Self-Sticking Vinyl

A premium indoor/outdoor grade self-sticking marker product. Weather resistant inks provide 5-8 year performance.
